

The diagram illustrates the cross-section of a door frame assembly. It shows a door leaf (Türblatt) with a blue outline, a central locking mechanism (LDB), and a door handle (LDH). The door is set into a wall (Gesamtwanddicke). The drawing includes the following dimensions and labels:

- Gesamtwanddicke:** Total wall thickness.
- 37:** Dimension of the door handle (LDH).
- 30:** Dimension of the door leaf (Türblatt) on either side of the central locking mechanism (LDB).
- LDB:** Dimension of the central locking mechanism.
- Elementausenmaß Breite:** Total width of the door frame element.
- Türblattmaße:**
 - $B = LDB + 25 \text{ mm}$
 - $H = LDH - 40 \text{ mm}$
